

>>Type of use (*)

Loud noise in the workplace can be very damaging to hearing and it usually happens gradually so that employees are not aware of the dangers until they have developed permanent hearing loss. As well as gradual hearing loss, there is also hearing loss that results from sudden and extremely loud noises.

Ear-plugs **HGB030** help reduce exposure to hazardous noise and other loud sounds.

Ear-plugs **HGB030** provide excellent protection by filtering out high-frequency noises

Industry, machine shops, automotive assembly, airports, printing works, carpentry, construction, sheet-metal shops, lawn mowing etc.
