

>> Use (*)

Thanks to its technical characteristics, this bump cap is particularly suitable for all works in confined spaces (long and narrow galleries, wells and pits, cellars, fine ducts, roofs, etc.) For mechanical workshops, maintenance of green spaces, automobile garages, plumbers, pipefitters, carpenters ... It protects the wearer when his head hits hard, stationary objects with sufficient severity to cause laceration or other superficial injuries. Be careful: this product is not an industrial safety helmet.
